MISSION

The Kids Express mission is to provide quality care in a positive, Christian atmosphere which will promote the spiritual, cognitive, and socio-emotional growth of children through the participation in educationally sound learning activities.

PHILOSOPHY

We believe that, for each child, it is vital to foster not only healthy growth and development in education but also healthy growth and development in God. Our curriculum addresses educational fundamentals in correspondence with Bible stories and activities. We believe that an early exposure to real life application of Biblical principles provides children with sound moral development and a starting place for faith. Developmentally appropriate curriculum helps teachers to provide educational fundamentals and social experiences that prepare the children for greater success in Kindergarten. Teachers guide the learning process by using clear, encouraging, and developmentally appropriate communication that fosters understanding and self-confidence. Teachers also use fun and exciting curriculum-based lesson plans that encourage the children to enjoy learning. In addition, each classroom provides an array of play and learning centers where children can participate in individual or group educational play so that each child has an opportunity to learn about their world through exploration.

CURRICULUM

The learning process is set into motion very early in life so we strive to provide experiences that promote spiritual, cognitive, and socio-emotional growth that are appropriate for the developmental age of each class. Teachers encourage active engagement and participation during structured class time and teachers encourage experimentation and exploration during unstructured class time. Learning is most

effective when it is fun and when children have an opportunity to make choices, so play is a primary resource and mode for learning.

SCHOOL CANCELLATIONS

If APS cancels or announces a 2-hour delay for any reason including, but not limited to inclement weather, the Kids Express school day is cancelled. If a cancellation occurs for any reason, there will be no make-up days or tuition credits.

ABSENCES

If your child will not be attending school for any reason, please notify the Director by 9:00am. If your child is absent due to illness, please refer to our Well Child Policy for instructions on returning to school.

WELL-CHILD POLICY

For the safety and well-being of everyone at Kids Express, children with symptoms of illness will not be accepted into the classroom. Symptoms include but are not limited to green/yellow discharge from the nose, heavy coughing, fever (100.4 degrees or greater), diarrhea, vomiting, rash, and pink eye. If a child contracts symptoms of illness during the school day, the child will be isolated and the parents will be notified to pick up their child.

If your child will not be attending school due to illness, please notify the Director by 9:00am. If your child contracts a contagious disease following a school session, please notify the Director so that everyone who came into contact with that classroom may be notified. Only the pertinent information of the illness will be released which will not include names or any identifying information. Children must be symptom free for at least 24 hours before they will be accepted into the classroom. Children in need of antibiotics must use them for at least 24 hours before they will be accepted into the classroom. No exceptions.

It is against Kids Express policy to dispense any kind of medication to children. If, however, your child has a special need (asthma, diabetes, severe peanut allergy, etc.), please consult with the Director so that those needs may be addressed.

DISCIPLINE POLICY

We believe that children are a gift from God and should be handled with love and understanding. Teachers must guide the children in cooperative behavior by using preventive and responsive discipline.

Preventive discipline stops poor behavior before it happens and includes:

- Maintaining proper student to teacher ratios
- Providing a comfortable room arrangement
- Providing a consistent and efficient schedule
- Using age-appropriate lesson plans that include hands-on learning activities
- Providing consistent communication of simple classroom rules
- Setting a good example
- Observing and staying alert
- Providing positive attention and direction
- Praising good behavior

Responsive discipline appropriately reacts to poor behavior after it has occurred. Poor behavior includes but is not limited to interrupting the lesson, disrespecting another person, hurting others, endangering oneself, or damaging the classroom. It is never acceptable for a teacher to discipline by hitting, spanking, using abusive language, ridiculing, or any other harsh or humiliating treatment. Instead, Kids Express teachers use the techniques outlined below.

Redirect behavior: The teacher replaces the source of the poor behavior with another activity. This technique is especially effective with our younger preschoolers.

Explain: The teacher briefly explains the poor behavior, describes a more appropriate way for the child to behave, and helps the child begin more appropriate behavior.

Logical Consequences: The teacher uses natural consequences of the child's actions to dictate the discipline. For example, if the child throws pencils on the floor, the natural consequence is for the child to pick up all of the pencils.

Intervention: The teacher helps to resolve a conflict between the children when they are unable to resolve the problem themselves by recognizing the children's feelings, setting limits, and providing possible alternatives.

Thinking Chair: The thinking chair is used to give a child the chance to calm down and regroup. As the child sits in the chair and faces the classroom he/she is encouraged to think about the good work he/she would like to do. The child will sit in the chair no longer than one minute per year of age. At the end, the teacher will talk with the child about what the child has decided would be appropriate behavior and invite the child to rejoin the classroom activities.

Contact Parent: The teacher contacts the parents to come pick up their child when he/she continues to display unacceptable behavior.

Consistent and severe behavioral issues may result in a temporary or permanent dismissal from the program. Tuition and fees are non-refundable if your child is asked to take time off.

Biting Policy: Our biting policy is to dismiss a child for one month if he/she bites another child on three occasions. Parents are notified when their child bites another child and the teachers will work with the parents to prevent reoccurrence.

We believe that family is very important to each child and we encourage parental input, observation, and participation. We always desire to work with and support parents in helping their child grow to understand acceptable and unacceptable behavior.

EXPULSION POLICY

Unfortunately, there are sometimes reasons we must expel a child from our program either on a short term or permanent basis. We want you to know that we will do everything possible to work with the family of the child(ren) to prevent this policy from being enforced. Prior to expulsion, a parent will be called and correspondence will be sent home indicating what the problem is, and every effort will be made by both the center and the parent to correct the problem. If, after one to two weeks, depending on the risk to other children's welfare or safety, behavior does not improve, and the center finds that they can no longer accommodate the child, the parent will be asked to remove him/her. The parent will be given a minimum of one week's notice to find another center to provide care for this child. **Tuition and fees are non-refundable if your child is asked to leave.**

The list below is some, but not limited to, reasons an expulsion may occur.

- The child is at risk of causing serious injury to other children or him/herself.
- Parent threatens physical or intimidating actions towards staff members.
- Parents exhibits verbal abuse to staff in front of enrolled children.
- Failure of child to adjust after a reasonable amount of time.
- Uncontrollable tantrums/angry outbursts.
- Ongoing physical or verbal abuse to staff or other children.
- Excessive biting.

Expulsion Procedures:

1. Teachers will document challenging behaviors as they become excessive and report to the Director.
2. Repeated reports of such behaviors will result in a series of meetings with the parents, teachers and director.
 - a. Collaborative meeting: The concerns will be clearly defined and goals will be laid out with the parents to determine the best way to resolve the undesirable behaviors. A follow up conversation will be set up to evaluate progress, this can be either a phone or in person meeting.
 - b. Re-evaluation meeting: If undesirable behaviors persist this meeting will be set up to review documentation and discuss the next steps. If appropriate, outside resources will be addressed and sought out.

- c. Expulsion meeting: After a time period, set forth in the re-evaluation meeting, and all attempts have been made with no improvement, the child will be asked to leave the program.
3. Staff and parents will work together to implement the goals and corrections set forth in the collaborative meeting with the intent of correcting the behaviors to eliminate any further meetings.
4. In the event an expulsion meeting is held, parents will be given notice, as determined by the director, to make alternative arrangements.
5. Tuition and fees are non-refundable if your child is asked to leave.

TEACHERS AND THEIR QUALIFICATIONS

Our teachers are the reason that Kids Express is such a great place for your child. Every teacher passionately pursues excellence in the classroom resulting in students receiving the best possible learning experiences. They consider it a privilege to nurture each young life and they never fail to go the extra mile to do so. The most important qualification that our teachers offer is a contagious love for Jesus!

All of our teachers are trained in Early Childhood Education or have a Bachelor's or Master's degree in a related field. Each year, teachers are required to receive 12 hours of continuing education in Early Childhood Education. Every teacher must maintain current certification in CPR and First Aid. Our teachers are hired only after an extensive interviewing process that includes fingerprinting and a background check run by the Children, Youth, and Families Department of New Mexico and the Federal Bureau of Investigation.

SAFETY AND SECURITY

Your child's well-being is our first priority and there are many steps that we take to ensure that your child is safe.

We go beyond what the State of New Mexico requires for student to teacher ratios. In our younger classrooms there are two teachers for every twelve students and in our Pre-K classrooms there are two teachers for every fourteen students.

All of our teachers are required to have current certification in CPR and First Aid.

We enforce our Well-Child policy.

Parents use the electronic kiosks to ensure that only authorized people are able to drop-off and pick-up your child.

We abide by fire code and state licensing regulations.

All teachers and volunteers are required to have their fingerprints taken and to get background check clearance from the Children, Youth, and Families Department of New Mexico and the Federal Bureau of Investigation.

The doors to the school remain locked while school is in session so that anyone who wishes to enter the school must go through the office first. In case of an emergency, it is always possible to exit the school through the locked doors.

CONFIDENTIALITY

Any and all information and file material regarding all clients of Kids Express are strictly confidential and will not be transferred or discussed with anyone outside of the program nor with anyone inside the program other than the child's parents, the child's teachers, and the Kids Express administration.

PARENT INVOLVEMENT

We greatly encourage parent participation because we want everyone to be involved in the children's learning process! Each classroom will provide their own unique opportunities to participate in birthday parties, holidays, or other events.

SNACKS AND FOOD

In each classroom, parents take turns bringing snack for the entire class. Due to the increasing number of nut allergies, we **STRONGLY** prefer and suggest the avoidance of lunches and snacks that contain nuts. Some classes **MUST** be 100% nut free depending if there is an allergy risk. In those classrooms this policy will be **STRICTLY** enforced. All snacks must be nutritious, and all juice must be 100% real fruit juice. We ask that you reserve special treats, such as cupcakes or cookies, for birthdays or special occasions. For snack ideas, please visit our website or speak with your child's teacher.

HOLIDAYS, BIRTHDAYS, AND SPECIAL EVENTS

Kids Express celebrates Christian holidays as well as many national holidays. For your child's birthday, you may speak to his/her teachers about bringing a special snack for the entire class to share. Kids Express celebrates many special events including but not limited to Homecoming, Thank You Jesus Feast, Birthday Party for Jesus, Easter, and Mother's Day.

FIELD TRIPS

Kids Express students do not go on field trips. We bring special guests such as firemen, storytellers, homebuilders, and more to our school. Please note that our visitors may vary.
